We have two consultant presentations for our team at the Passaic River Symposium next Tuesday (6/22) – Garvey and Jones (program attached)
A dry run of presentations has been requested prior to the symposium.
This time slot is the only one that seems mutually available for key participants for the rest of the week, based on information at my disposal.
I have reserved both conference call lines and web meeting capabilities...if we don't need the latter that's fine, but we have it if needed.
Non-Berger participants may use the toll-free number Not responsive with the 4-digit meeting ID noted in the reservation.
